Upwork Top Rated Plus | 5.0/5 average rating | 100% Job Success

AI Solutions Architect and Principal .NET/Azure Engineer with 23+ years in software engineering. Designs SaaS platforms, LLM integrations, retrieval-augmented generation (RAG), and enterprise systems; leads architecture and hands-on delivery.

SKILLS

AI: LLM integration, RAG, semantic search, embeddings, AI agents, OpenAI, Semantic Kernel

Engineering: C#, .NET, ASP.NET Core, SQL Server, REST APIs, microservices, enterprise integration

Cloud and delivery: Microsoft Azure, Azure DevOps, Docker, CI/CD, TypeScript, React, .NET MAUI

EXPERIENCE

Daloy Tech Solutions | Senior Solutions Architect / Co-Founder 2025 - Present

AI solution architecture, LLM/RAG integration, Azure planning, enterprise integrations, and product strategy.

DataTools / Mivio | Tech Lead / Software Architect 2023 - 2025

Led C#/.NET backend architecture, microservices, MAUI applications, and Azure DevOps CI/CD.

Prophecy International | Tech Lead / Architect 2022 - 2023

Led Azure solution design, SaaS engineering, DevOps, and technical delivery.

Cloudstaff / BMT | .NET / Microservices Architect 2021 - 2022

Built .NET Core services and scalable backends with Azure-aligned delivery.

Journey Digital / Valhalla | .NET / Microservices Architect 2020 - 2021

Delivered microservices, frontend/CMS integration, and Azure deployments.

Concentrix Philippines | C# .NET Backend Developer 2019 - 2020

Built enterprise backend and integration services in C#.

Diri Ta Buy PH | CEO / CTO / Senior Software Architect 2018 - 2019

Founded and led e-commerce product architecture, .NET Core microservices, and social-commerce integration.

2003-2005: Helped build iSysDev in Iligan City, delivering SMS automation and hotel management software for local clients.

2006-2018: enterprise engagements including Intel, Ford CRM, and Cystic Fibrosis Foundation.

SELECTED PROJECTS

AnitoConnect: Multilingual business chat, bookings, orders, and human handoff.

TagSingCo: Connected karaoke with AI scoring and shared song queues.

AgosScores: Water-sports live scoring, AI anti-cheat, and athlete balancing.

SmarterGov: Citizen assistance, government knowledge access, and workflow routing.

EDUCATION

B.S. Computer Science - Mindanao State University / Iligan Institute of Technology
